# INTRODUCTON

Each country in the world has its own unique culture associated with the history of formation and development of that country, that culture can be expressed through cuisine, traditional costumes, or festivals.

To introduce students to the basic information about festivals in different countries, Vietnam - Finland International School Library compiles a subject bibliography about "Festivals," thereby helping students to improve their understanding about the traditional culture of countries around the world.

The bibliography includes 6 titles as follows:

1. Atlas về các quốc gia
2. Springboard Connect. 23c, Days to Remember
3. Springboard Connect. 15e, Let's celebrate
4. Springboard Connect. 9d, Special days
5. Springboard Connect. 24d, The new year
6. Lễ hội Hà Nội = Ha Noi festivals

In the compilation process, although we have tried our best, it is inevitable that there will be shortcomings. We look forward to receiving contributions and construction from readers so that the next compilation of the bibliography will be more complete.

Sincerely thank!

### Summary:

Part of the Children's Atlas series, this book will help children explore the countries of the world. Through the journey on the pages of books, children will be able to set foot in many different regions on our planet to learn about the lives of the peoples there; from customs and habits, socio-economic to natural scenery.

They will be going to extremely densely populated countries like China but also to an uninhabited continent called Antarctica. You will learn that white people live in Europe, South Africa, Western Asia, America and Oceania, black people live in Africa and the Americas, and yellow people born live mainly in Asia and off the Pacific Ocean; American Indians and Eskimos are also of Asian ancestry...
